
Two
Birthdays?

# HAPPY BIRTH

We all know the song, "HAPPY BIRTHDAY TO YOU!". Do you know the second verse?

"Happy Birthday to you,
Only one will not do.
Born again means salvation.
How many have you?"

Can someone really have two birthdays?

When you celebrate your birthday, you are celebrating the day you were born into your family in this world. You are unique! God made you special and different from everyone else. The Bible tells us in Psalm 139 that "you are fearfully and wonderfully made" by God.

But, the Bible also tells us that each of us was born with sin. Sin is the bad things we do or say or even think. God loves us very much, but He hates our sin and He must punish all sin. God says we need to be

# IDAY TO YOU!

born again (John 3:3) to have peace with Him and to go to heaven.

What does it mean to be born again? God wants us to be in His family, so we need to have a second birthday. To be born again means to accept the Lord Jesus Christ as your Saviour. The Lord Jesus, who had no sin, died for you on the cross many years ago. God punished Him for our sins instead of punishing us. The Bible tells us in John 3:16 that God loved the people in the world so much that He gave His only Son, so that anyone who believes in Him will not perish, but have everlasting

life. This is God's gift to us; this is how we can be born again!

If you agree with God that you are a sinner, and deserve to be punished for your sin, and you believe with your heart that Jesus was punished on the cross for all your sins, you are born again. This is when you have your second birthday. This is how you can become a part of God's family forever!

Do you have two birthdays? Have you accepted God's gift to you? Have you thanked Him for His most precious gift of the Lord Jesus? I hope that you will believe on the Lord Jesus as your Saviour, and have two birthdays to celebrate!
